

Diane Matthews

Cylch Meithrin Plws, Ysgol Gwenffryd

Diane recently decided to follow the Camau course – these are her experiences.

Why?

Diane followed the course to help her to use the Welsh language in her job. One of the main benefits of following the course online was the fact it has helped her to use more Welsh when in work. But also as her granddaughter attends a Welsh school it has helped Diane understand her granddaughter more if she sings songs in Welsh or talks to her in Welsh.

Result!

Diane said "I do find the language difficult but doing the course has helped me which is why I have continued onto the next level. It has been fine learning online and is really good that I can go back to each unit and practice them whenever I want to"

Diane's Top Tips!

- Do each unit at your own pace
- Enjoy the course
- Don't give up
